

# PISC's August 2008 Flurry

## Meet your new President!

**Name:** James Dauer II

**Board position:** President

**How long have you been a PISC board member?** I have been on the board or an officer since the mid to late 90's.

**Why did you choose PISC?** I have been a member of the club all of my life. I keep renewing my membership year after year because PISC is part of my life. It always has been and always will be. I have so much history and time involved with the club. The people here are all my friends, some seem to be like family to me.

**What type of sled do you ride?** My Sled is a '08 Ski-Doo XP 600sdi

**What is your most memorable experience snowmobiling?** The most memorable snowmobile time for me that I can think of is 2 winters ago; I lead a trip of club members to the upper PI of MI. We had just the greatest time ever!! We all still talk about it.

**One of my most memorable times with PISC...** is back in 2002 when I was President, I presented my Dad PISC's Lifetime Achievement Award

**What would be the best advice that you could give other snowmobilers?**

My advice is to remember that this sport is a ton of fun, but we need trails to ride on. Without clubs, we wouldn't have the trail system that we have today and without members all working together, we would have nowhere to ride... so tell your friends to join a club and get involved. Make some of your own memories that will last a lifetime.

Keep our trail system growing.
